#### CEA DESIGN

Designed by Jean-Michel Wimette, Lutezia is a classically-styled range for Italian brand CEA. The stainless steel taps are available in satin and polished versions, and in finishes that include black diamond, bronze, copper and light gold. [ceadesign.it](http://ceadesign.it)

#### AXOR

Axor has taken its AXOR One collection on to the next level of minimalism with the addition of a new matt white colour option. The finish – also available for the brand's Universal Circular Accessories – brings another option to the Barber Osgerby created range, which can be designed to either blend in subtly or stand out.
