KITCHEN TAPS COLLECTION

With a wide range of transversal products developed to ensure maximum freedom of composition, our kitchen catalogue offers styles and functions for every need. CEADesign kitchen taps combine refined aesthetics with everyday functionality. Crafted from durable AISI 316L stainless steel and also available in four special finishes (Black Diamond, Bronze, Copper, and Light Gold), each tap is engineered to deliver both visual harmony and long-lasting performance, the perfect balance of form and function for the modern kitchen.

Discover the full catalogue on ceadesign.it.

Our comprehensive range of kitchen taps is engineered to meet a variety of functional and installation requirements. The collection includes single-hole and two- to three-hole mixer configurations, with models available both with and without integrated pull-out hand showers. Solutions are also offered for filtered and instant boiling water systems. Complementary spouts and remote controls are available to ensure seamless integration and precise control within any kitchen environment.

DRINKING WATER FILTER TAPS

ETW is a high-quality water filtration tap and machine, designed to provide clean, safe, and great-tasting water directly from the home tap. It ensures a healthier lifestyle for the entire family and offers a sustainable alternative by reducing plastic usage and CO₂ emissions from transport. Crafted from AISI 316L stainless steel and designed with ergonomic principles in mind, **the drinking water tap collection provides filtered chilled still and sparkling water, 100°C boiling water, and mixed-temperature water. This all-in-one dispensing solution gives users access to all types of purified water.** The collection includes various configurations, single-hole mixers and two- or three-hole taps, ensuring a perfect match for any design preference. It can also be personalized with special metal finishes in Black Diamond, Bronze, Copper, and Light Gold.

Single-hole mixers

Two-hole mixers

Single-hole mixers with pull-out hand shower

Two-hole mixers with pull-out hand shower

Three-hole mixers with pull-out hand shower
